GEN

1776081

This index is a copy of the original index to the Indiana State Register, compiled by the Indiana State Library, Indianapolis, Indiana. The material on this sheet is from the year 1867.

However, Portage is omitted from the list of cities, towns, and villages in the 1867 set, indicating that it was not included in the 1867 set. Portage is included in the 1868 set, which is the one I have recorded.

The remaining entries, that is, towns, cities, and villages, Indiana and Jefferson, are arranged by size, largest first, by county and state numbers.

Film was purchased from the National Archives in Washington, D.C.

Index cards on card stock in the library - this is, Indiana State Library, 1970-1973.

No reproduction of this entire index can be made without permission from the Indiana State Library.
